

MasterMover®

Worldwide Electric Tug Solutions

MT400+

Master Tug

**MasterTug MT400+ |
Electric Powered Tug**

The MasterTug MT400+ is designed to allow a single pedestrian operator to easily push, pull and steer wheeled loads weighing up to a maximum of 4,000 kg. As part of the MasterTug range, the MT400+ utilises hydraulics for traction, an AC drive motor for power and a dual secured mast for strength. The tug's battery monitoring system alerts the operator to the remaining charge and the option of an interchangeable battery allows the tug to be used 24 hours a day.

MasterTug MT400+

Industries

Suitable for use in a wide range of applications and sectors

Plastic and Metal Extrusion

Chemical

Glass

Wind Turbines

KeyBenefits

1 year full guarantee

- Battery monitoring system
- FEA tested steel chassis
- Dual secured mast
- AC drive motor
- Self-adjusting castor guard
- Hydraulic weight transfer

ProductDimensions

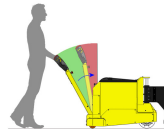

SafetyFeatures

See our website for full technical details

Self-adjusting castor guard for foot protection

Automatic cut off as tiller arm returns to vertical

Anti-crush button

Emergency stop button

MaxLoadWeight

See our website for full technical details

Castors

Moves up to 4,000 kg*

Rails

Moves up to 16,000 kg*

*"Maximum load weight" is only a recommendation that we arrive at by estimating rolling resistance. Your environment and wheel type may affect this figure which is why we carry out a detailed technical evaluation on every project. All of our calculations include a "safe work load" factor to ensure safe operation in all circumstances.

Performance data

Product code	MT400+
Recommended load weight - Castors	4000 kg
Recommended load weight - Rails	16000 kg
Machine weight including battery	305 kg
Drive type	Electric AC
Parking brake	Electromagnetic
Drive wheel type	Polyurethane
Drive motor power	1 kW
Controller type	AC
Variable machine speed	0.1 km/h - 5 km/h
Ingress Protection	IP44

Battery data

Battery pack - sealed - 102Ah 24V - interchangeable

Battery pack - sealed - 119Ah 24V - interchangeable

Charging options

Charger - external - 10A 24V - 110V-240V

Charger - external - 20A 24V - 110V-240V

Additional equipment

Option - flashing safety light and motion bleeper

Option - two speed selector switch

Option - wireless control handset

Option - combi lock

Option- battery protection system

Option - quick release coupling pins

Male coupling options

Coupling - male - height adjustable combi - medium

Coupling - male - height adjustable box - medium

Coupling - channel coupling body

Female coupling options

Coupling - female - combi - medium

Coupling - female - box - medium
