

MasterMover®

Worldwide Electric Tug Solutions

MT200

Master Tug

**MasterTug MT200 |
Small Electric Tug**

The MT200 is the first and smallest electric tug in the MasterTug range. It is designed to push, pull and steer wheeled loads weighing up to 2,000 kg. Internal weight packs provide the traction, the dual secured mast gives the machine a robustness and the AC drive motor ensures maximum power even at low speed. An automatic tiller cut off maximises operator safety and the option of an interchangeable battery ensures the machine is available for use 24 hours a day.

Industries

Suitable for use in a wide range of applications and sectors

Construction and Mining Equipment

Key Benefits

1 year full guarantee

- Battery monitoring system
- Dual secured mast
- Zinc coated steel couplings
- AC drive motor
- Automatic tiller cut off
- Internal weight packs

Product Dimensions

Safety Features

See our website for full technical details

Automatic cut off as tiller arm returns to vertical

Anti-crush button

Emergency stop button

Warning horn

MaxLoadWeight

See our website for full technical details

Castors

Moves up to 2,000 kg*

Rails

Moves up to 8,000 kg*

*"Maximum load weight" is only a recommendation that we arrive at by estimating rolling resistance. Your environment and wheel type may affect this figure which is why we carry out a detailed technical evaluation on every project. All of our calculations include a "safe work load" factor to ensure safe operation in all circumstances.

Performance data

Product code	MT200
Recommended load weight - Castors	2000 kg
Recommended load weight - Rails	8000 kg
Machine weight including battery	214 kg
Drive type	Electric AC
Parking brake	Electromagnetic
Drive wheel type	Polyurethane
Drive motor power	1.2 kW
Controller type	AC
Variable machine speed	0.1 km/h - 5 km/h
Ingress Protection	IP44

Battery data

Battery pack - sealed - 46Ah 24V - interchangeable

Charging options

Charger - internal - 12.5A 24V - 110V-240V

Charger - external - 10A 24V - 110V-240V

Mast options

Mast - fixed

Additional equipment

Option - flashing safety light and motion bleeper

Option - two speed selector switch

Option- lifting and anchoring points

Option- battery protection system

Male coupling options

Coupling - male - height adjustable box

Female coupling options

Coupling - female - box
